

PAIR 2 EURO PERFORMANCE

THE BIG WATTLE COCK X DALGLEISH DAUGHTER

BELG 01 6517657 BBC-THE BIG WATTLE COCK. DIRECT IMPORT AND BRED BY STAF VAN REET. PURCHASED FROM J&A CARRINGTON SALE WHERE HE WAS REF B. AN OUTSTANDING PRODUCING SVR COCK. (EXERPT FROM J&A CARRINGTON SALE CATALOGUE)

Bred by Staf Van Reet, Mol (Belgium). Nest mate to Jason Stig's famous 'Good Body Cock' his best breeding cock and the 'Replacement Cock' Ref A. Like the 'Replacement Cock' he has only been lightly used. Last season was the first time I have bred from his children as they race so consistently. I selected two hens '5630' and '20951' and bred from them and then put them back on the track. In the season's first race 5630's son was 2nd FED so I put her back in the stock loft. 20951 went to the second race of the year (underdone due to time pressure) and we clocked her for 10th FED when she came high in a fast race and it took a while to get her down. The next week she came with our 1st FED, the following week again she came with our 1st FED and to give us a 'Triple Treat' she did it again but was beaten onto the ETS by her daughter. I stopped her at this point. So a 2nd FED and 1st FED from the only two children tried from the Big Wattle Cock.

Sire: BELG-89-6611641 'Grote Tom' Foundation Cock for Staf Van Reet, Belgium.

Dam: BELG-96-6555734 'Klein 734' granddaughter to 'Jonge Donkere Witpen Daniel'
